Instructions for Completing

1. Township ordinance requires that all dogs must be licensed and have a current metal registration tag fastened to a collar or harness. All puppies must be licensed by 6 months.
2. Newly acquired dogs over 6 months of age must be licensed within 10 days. All new residents owning dogs, which do not carry a current NJ license, must obtain one within 10 days.
3. Dogs already licensed within the State of New Jersey are not required to be re-licensed in the township until the following year.
4. There is no charge for licensing a seeing/hearing or service dog for the handicapped. Proof may be required.
5. The rabies shot must be current through November 1st of the current licensing year. If your dog's vaccination expires before November 1st of this year, you must have your dog re-vaccinated before submitting this application. The owner is required to supply proof of vaccination from the veterinarian.
6. Please verify rabies information and neuter status and forward written verification of such with this application (copies will be returned upon request).
 - Proof of rabies is not required every year, only in the expiration year when an updated vaccine has been given.
 - Once spay/neuter information is in the system, there is no need to provide that annually.
7. Remember to provide a self-addressed stamped envelope for return of the tag(s). [One stamp for up to 3 licenses; two stamps for 4 to 11 licenses.]
8. **Please do not mail Dog License renewals before December 31.**
