Andover Township

Buy Local and Visitors Guide

**Connecting local businesses, residents
and visitors for a better Andover**

This buy-local guide is brought to you by Sustainable Andover and the Andover Township Economic Development Committee. Both are volunteer committees made up of dedicated Andover Township residents.

Welcome to the Andover Township Buy-Local and Visitors Guide

We thank you for your interest in buying from our local businesses in Andover Township, New Jersey. You may be surprised to know that Andover Township is home to more than 100 locally owned and operated businesses. These businesses provide our community with a wide variety of goods and services. Purchasing within one's own neighborhood offers you an opportunity to invest in your local economy and build community.

You might ask, why should I buy local? When you buy local, you are helping to make our community stronger. Buying local creates jobs for our community, and it promotes local entrepreneurship which gives you more consumer choice. Buying local also reduces environmental impacts because it means that products do not have to travel as far, thus reducing greenhouse gas and other pollution.

For the visitors to our great town, you'll find lots to explore. Andover Township is at the heart of Sussex County's many trails. Explore our rich natural history on our more than 2,000 acres of parks, nature preserves and Wildlife Management Areas. We are a four-season destination, with a nationally recognized state park and more than twenty (20) miles of trails. When visiting, stay overnight in our charming B&B and lodging options, stop in to one of our many cafes and restaurants; and take your family to one of our ten local farms and farm markets for strawberries, apples, pumpkins, eggs and more.

Please take a moment to enjoy our guide and we encourage you to check out our businesses. So, get out there and enjoy all that our town has to offer, and remember whenever you can - BUY LOCAL!

Sincerely,

Buying local increases the “velocity” of money, or circulation speed, in the area. If the dollar we spend circulates more quickly around a community, the money will pass through more hands—and the more people have had the benefit of that dollar.

-Schwartz, 2009

This Guide was designed by Gravity Designworks Inc. Photos in this guide were generously donated for our use by local photographer Virginia Kolstad, please visit her website vkolstadphotography.com

Why Buy Local?

According to the American Independent Business Association, studies show that money we spend locally has a multiplier effect by re-circulating it back into the community. On average, independent retailers return more than three times as much money per dollar of sales than chain competitors. (AIBA, 2020)

When we choose to spend our money at local businesses and buy locally produced goods and services, we're choosing to reinvest in our community and helping to create a stronger local economy and a more sustainable planet.

Strong local economies are essential to sustainable community development. The healthiest economies are those that connect economic development to meet the communities' social and environmental needs. That's why "buying local" can make such a powerful difference - we are connecting our economic choices to our values and to a vision for the kind of community we want to live in.

Hillside Park, a 171-acre Andover Township Park located on Lake Iliff Road, is at the center of Andover Township recreation activities. Hillside Park is a great spot for the whole family; with an incredible playground, soccer and ball fields, tennis and basketball courts, and a pavilion with picnic tables and charcoal grills. The park is open to the public from dawn to dusk, but no dogs please.

Kittatinny Valley State Park

199 Goodale Rd, Newton, NJ 07860

Home to a variety of plants and wildlife, Kittatinny Valley State Park (KVSP), headquartered in Andover Township, comprises over 6,000 acres and offers 85 miles of hiking trails throughout three counties.

The wide surface of the Paulinskill Valley, Sussex Branch, Great Valley Rail, and newly completed Andover Loop Trails are excellent multi-use trails for walking, mountain biking, and horseback riding.

When snow is abundant, these trails provide excellent opportunities for cross-country skiing and snowshoeing, making KVSP a perfect 4 season destination.

Buying local reduces the use of fossil fuels. Nearly 50% of GhG in NJ are produced by the transportation sector. Buying from local vendors means we don't have to travel as far to get a product. And if we're buying our food locally, we save all of the energy that is used to transport food via planes, trains, trucks, and ships which contributes to climate change and poor air quality.
